FOUNDATION**

ENRICHING LIVES THROUGH
EDUCATION, ARTS, HEALTH AND RECREATION

February 20, 2018

Dear _____,

You value education and support the public education system in Wasatch County. You also want to provide a better living for the children and families of our glorious Wasatch County community. We would like to ask you to support our scholarship program this year and fund a scholarship for a graduating WHS senior.

Last year we sent 204 students to college for the first time. Not just their first time, but for many students the first time anyone in their family had the opportunity to attend college. And all because people just like you and businesses just like yours believed that you could make a difference.

A 2017 scholarship recipient, Kayden Cottam, wanted you to know, "I sincerely appreciate the support of those who value higher education and want me to continue in my studies. Pursuing a degree in Agricultural Education is challenging and it's encouraging to know that people are willing to support me! When I'm up late struggling with homework, it's a comfort to know that there are people who believe in me and my abilities. It keeps me going when times get hard."

Last year through the generous donations of individuals like you, we were able to give over \$200,000 to our seniors for college. This year our goal is to double that. We know that with your help we can continue to raise the bar and provide not only scholarships for our kids, but also show them that we believe they can be successful in life.

We have included a donation form for your tax-deductible gift to the 2018 Scholarship Program. Please complete the attached donor agreement and email it to jill.cottam@wasatch.edu by March 26th. Your donation check can be mailed to: Wasatch Community Foundation, 101 East 200 North, Heber City, UT 84032.

Help us make a difference and reach our goal for 2018.

The scholarship ceremony will be May 22, 2018, at 6 p.m. in the Wasatch High School auditorium. We hope you will join us, so we can thank you during our celebration.

Sincerely,

Jeff Danley
Scholarship Committee Chair
